HALL FURNITURE.

EVERYTHING NEW.

The hall is the first room in the house you enter. Furnish it well, as it is an index to the rest of the rooms. And then the front door is often left open these warm days and your neighbor might peep in unexpectedly. A new Hall Seat or Tree with a nice Mirror, an Umbrella Rack and a good Rug or two will send that neighbor across the way to tell the other neighbor about that beautifully furnished hall. Come in and let us show you some of the very latest styles.

Haberdashery.

It's the details of a man's apparel that give tone and character to his make-up. Poor or poorly fitting Haberdashery, antiquated or obsolete styles of Collar, Shirt, Necktie, etc., does away with the otherwise happy effect of a fine Suit. A stroll through our Men's Furnishing Goods Department shows at a glance the newest, best and brightest in the thousand-and-one things that come under this heading—all at prices that fear no competition. This is a MAN'S STORE, and the man who comes here to trade goes away contented and happy.

Letter to G. A. Drew.  
Barre, Vt.

Dear Sir: Lead and oil is not good paint; don't wear; the rule is, as everyone knows, repaint in three years.

Devoe lasts six in the same way—allow wide margin in all such statements. What does it mean, to last? It means the same with both.

As to covering: that's another. Here's an instance.

Mr. J. J. Hall, Sheffield, Pa., painted two houses, lead-and-oil; took 40 gallons. Last summer bought 40 gallons Devoe for the same two houses; returned 10 gallons.

The paint, that covers, lasts; it's all paint, true paint, and full measure. Lead-and-oil is all paint but not good paint; the lead wants zinc. Better paint Devoe.

Yours truly,  
F. W. Devoe & Co.,  
New York.
